**Now you can replace existing torn up Rear Door Curtains with replacement panels instead of the entire Curtain assembly The new Curtain panels are better quality and offer ;**

- Heavy Duty 18 oz. reinforced Vinyl with heat welded seams instead of sewn seams for added strength.
- UV Resistant clear windows allow visibility during loading and safety during operation.
- Velcro wall edge and opening for a secure seal
- Velcro or E-track type tie-back straps are available.
- Chain weighted at bottom to prevent “sailing”
- Panels available for Tall vehicles ( over 96” inside height) or for those vehicles with lower interiors. Wide enough for any vehicle.
- Panels are Universal for use on Right or left side.
- Brackets, rollers, Velcro pieces and other parts are available .
